

STATE OF CONNECTICUT

GOVERNOR NED LAMONT

AMENDED ORDER

February 1, 2021

An emergency situation exists because of the extreme nature of the snowstorm currently affecting the State of Connecticut, requiring an expansion of the travel restrictions contained in my order of January 31, 2021, with additional exceptions for delivery of critical supplies. Therefore, pursuant to Sections 3-1 and 3-6a of the Connecticut General Statutes, I hereby order that, until further notice, all empty and tandem tractor trailers are prohibited from travel on all limited access highways, and all tractor trailers are prohibited from travel on Interstate 84. The restrictions contained herein shall not apply to vehicles carrying to or through Connecticut emergency supplies necessary for responding to the COVID-19 pandemic, including but not limited to vaccines, testing supplies, or medications, or those supporting operations that provide critical services or supplies to the public, such as fuel, medical supplies, and food.
